Subject: Something the BID Board Should Probably Do re Street Vending Preparations

Formally request the Exe Director to write all property owners recommending lease amendments that prohibit tenants or their employees from giving street vendors permission to use the sidewalks in front of their properties. Maybe you could let me know about the language that Drollinger is using it so that I could suggest something without attribution.

Do you have something that prohibits tenants or their employees from allowing use of their restrooms without landlord's approval? This is the food truck issue.
